

Laser Energetics' Dazer Laser™ Featured in two publications; Law Enforcement Technology and Emerging Magazine.

MERCERVILLE, N.J., August 25, 2009 /PRNewswire - Laser Energetics, Inc. (Pink Sheets: [LNGT](#) - [News](#)) today reported that its new **Dazer Laser™ Light Fighting Technologies™** is featured in the August 2009 issue of *Law Enforcement Technology* magazine and the online publication Emerging Magazine.

Law Enforcement Technology (LET) is a monthly magazine distributed to more than 30,000 law enforcement management decision-makers, including police departments, sheriff's departments, correctional facilities and security services. The magazine focuses on emerging trends and technological advances being made in the field of law enforcement, as well as the companies that provide the latest leading-edge products.

Emerging Magazine is a marketing and promotions company dedicated to promoting products, artists, actors, designers, filmmakers, models, musicians, writers and other talent in the arts and entertainment industries. *Emerging Magazine* produces events to benefit charities and highlight creative thinking. In addition they provide services to companies and individuals to foster positive results. Laser Energetics **Dazer Laser™ Light Fighting Technologies™** fits their model perfectly. Laser Energetics is the gift suite sponsor for the upcoming Emmy Awards in Hollywood, CA coming up September 20th, 2009.

Robert D. Battis, CEO and Founder of Laser Energetics stated, "We are honored to be featured in *Law Enforcement Technology* and *Emerging Magazine*. Our **Dazer Laser™ Light Fighting Technologies** are changing tactics by providing a **Non-Lethal – Less Violent™** solution to disabling the threat, saving lives of both the enforcer and the threat". *Law Enforcement Technology* is the premier magazine featuring new leading edge law enforcement products.

LEI has worked relentlessly to follow up on a great volume of many new inquires from interested parties, as a result of the Memorial Day 2009 roll-out of the **Dazer Laser™**. "This technology is a must for law enforcement because it will allow the enforcer to engage the threat at longer safer distances compared to other close proximity **Non-Lethal - More Violent™** weapons", said Battis. **Dazer Laser™ – Light Fighting Technologies – "Saving Lives – One Daze at a Time™"**
