

# **Laser Energetics Founder & CEO Creates a New Charitable Fund to Help the Families of Police Officers and the US Military Killed in the Line of Duty!**

Mercerville, NJ – September 18, 2009 – Laser Energetics, Inc. (Pink Sheets: [LNGT](#) - [News](#))

Robert D. Battis, Founder, President & CEO of Laser Energetics, Inc. creates a new charitable fund to help the families of Police Officers and the US Military killed in the line of Duty. “We have teamed up with the Star Spangled American Society, Inc., a 501 c (3) not for profit organization, and we’ve started a new charitable fund called the:

## **“Have a - Save a Life™ Fund”**

which allows us to help provide monies to the families of Law Enforcement and US Military personnel that bravely lost their lives in the line of duty serving their country,” states Battis. This fund will supply money to charities that provide donations to those families of the fallen brave, through sales of **“Have a  - Save a Life™ Fund” t-shirts, hats, coffee mugs and much more.** Additionally, Laser Energetics will donate \$25 for the sale of every Dazer Laser™ DEFENDER and \$15 for the sale of every Dazer Laser™ GUARDIAN. “We anticipate we will make significant donations in the hundreds of thousands of dollars in the near future,” states Battis. We would appreciate the support of those who back Laser Energetics, Inc. to support this worthy cause.” To find out more about making a donation, please visit at [www.starspangledamericans.com](http://www.starspangledamericans.com) , or [www.laserenergetics.com](http://www.laserenergetics.com).

Laser Energetics, Inc. is also pleased to announce the launching of its new website [www.laserenergetics.com](http://www.laserenergetics.com) .

Laser Energetics, Inc. is the manufacturer of the “Dazer Laser™ - Light Fighting Technologies”, the “Ultimate Non-Lethal – Less Violent Weapons” Serving Humanity. These life saving non-lethal weapons will help all branches of the military, law enforcement, correctional facilities, security, border patrol, piracy control, homeland security, airport security and much more. “This weapon is very powerful and effective, yet humanitarian and will save the lives of both the enforcer and the threat at both short and longer ranges. No longer will the enforcer have to risk their lives to bring the threat in closer to them compared to other “close proximity” Non-Lethal – More Violent Weapons,” says Battis. Because this weapon can be used at longer ranges continuously, the enforcer can operate the Dazer Laser aimed at the threat’s face until they hit the target, unlike other non-lethal weapons that have to be reloaded and only work at close range endangering the enforcer and the threat.

The two models being introduced are the Dazer Laser™ DEFENDER and the Dazer Laser™ GUARDIAN. These non-lethal weapons have the ability to control the threat at ranges of 1 meter to 2400 meters (model dependent). The Dazer Laser™ - Light Fighting Technologies - emit a green laser beam that is shaped into 1 – 2 meter Dazer Zone™ (model dependent) that can be operated safely at all ranges (unique to the Dazer Laser) when focused on the threats eyes. When Dazed, the threat’s vision is temporarily impaired, their balance is effected, and they become affected by nausea. This controls the threat making it difficult for them to maneuver. The “Dazer Laser™ - Light Fighting Technologies” –
